	Colin Main	#15:				
31	Georgie O'Brien		#24:			
	Tim Rose [2]					
32	Amanda Andrews	#16:				

NOTES:

=====

This tournament layout is NON-STANDARD to accommodate the unique cocktail of players, namely "not enough ladies". There is no need for players to point this out to the committee as we are well aware of this - and yes, compromises have been made to a traditional layout. The second round byes are implemented to ensure a fully populated power-of-2 cone from the Quarterfinals onwards.

All seeded pairs will receive a bye in the second round. Pairs vanquishing seeded opponents in the first round will also enjoy this automatic promotion to the giddy heights of the Quarterfinals.

The first round has been fully populated to generate the required "losing ladies" who are politely requested (invited, even) to enjoy a second chance of immortality by playing another first-round match with a different Gentleman partner.

THUS, gentlemen whose partner is indicated as #N: Lady A or Lady B will be partnered by the losing Lady from match N.
